INSPECTION SET UP INFORMATION

We respectfully request that the following procedures be followed when requesting an inspection:

1. Normal inspection hours are between 8:30am and Noon, Monday - Friday, **no times are given**.
2. 24 hours notice is required to schedule an inspection.
3. Listed on the permit is an alpha/numeric permit number.
THIS NUMBER IS REQUIRED TO REQUEST AN INSPECTION
4. Please leave a message at **484-391-2364** to set up your inspection. Give permit number and date you would like the inspection. If there is a problem we will call you, otherwise assume that the inspector will be there the day you requested (**we will not confirm calls**). This is a dedicated line for inspection scheduling only.
5. Call (610) 933-9179 for cancellations or other questions from 7:30am-4pm Monday-Thursday and 7:30am-12:30pm on Friday. You may not go any further on the project until the prior inspection has passed.
It is the permit holder's responsibility to know whether or not an inspection has "PASSED".

** Please note: a \$50 fee may be imposed for any inspections required over and above those normally required to comply with the building code as established by the CODE official.

NOTICE

CALL BEFORE YOU DIGIT'S THE LAW !!

Whether you are laying the foundation of a building, erecting a fence, building a pool, adding an addition, a shed, or just planting a tree, you must call to have underground utilities located before digging.

By calling **811** three working days before you start your project, all member facility owners in your work site area will be notified of your plans and will mark their lines in the vicinity.

It is the responsibility of the owner and/or the person digging to place the call. If you do not call, and under- ground utilities are damaged, you could be held responsible for all losses, expenses, and costs resulting from the damage and any fines associated for not calling. If you locate your structure illegally in one of these easements or right of ways you are responsible for all COSTS of relocating the structure and fines if applicable.

Remember each color marking represents a facility in the industry:

Red = Electric **Yellow = Gas** **Blue = Potable Water** **Purple = Reclaimed water** **Green = Sewer**
Orange = Communications **Pink = Survey** **White = Proposed**

Play it safe. It is the law because it saves lives and money !
